

<b>Feature:</b>	<b>Ability To Now Find An Invoice On An Open Or Closed Dispatch</b>
<b>Explanation:</b>	Within the <i>Undispatched Delivery Items</i> screen, a new <i>Find a Delivery Item</i> section with <i>Invoice #</i> has been added to the upper right hand portion of the screen. When an invoice number is entered and the user clicks on the <i>Find</i> button, the screen will display any open or closed dispatch that the invoice number was found to be on.

<b>Feature:</b>	<b>New Dispatch Button Added To The Undispatched Delivery Items Tab Screen</b>
<b>Explanation:</b>	Within the <i>Undispatched Delivery Items</i> screen, a <i>New Dispatch</i> button has been added to the upper right hand portion of the screen. This allows for quick access to the <i>New Dispatch</i> screen should there be a lot of undispatched items within the <i>Undispatched Delivery Items</i> screen. The <i>Add Invoice From eOffice &amp; Find A Delivery Item</i> heading sections have also been moved up to the upper right hand portion of the screen for the same reason.

<b>Feature:</b>	<b>Ability To Now Scan Driver &amp; Invoice Bar Codes Within The New Dispatch Screen</b>
<b>Explanation:</b>	When the dispatcher clicks on the <i>New Dispatch</i> button within the <i>Undispatched Delivery Items</i> screen and the <i>New Dispatch</i> screen is displayed, they now have the ability to automatically fill in the <i>Driver for Dispatch</i> and <i>Invoice Number</i> fields by simply scanning their barcodes. This functionality allows for quick dispatch entry.

The screenshot shows the 'eDelivery Tracking System' interface. At the top right is the 'eDelivery TRACKING SYSTEM' logo and the text 'ROYSTEST3'. Below the logo is a navigation bar with buttons: 'Map View', 'Drivers', 'Undispatched Delivery Items', 'Current Dispatches', 'Unreturned Delivery Items', 'Reports', 'Setup', 'Help', and 'Log Off'. The 'Undispatched Delivery Items' button is highlighted. Below the navigation bar is the 'New Dispatch' screen. It contains several input fields: 'Driver for Dispatch:', 'Invoice Number:', 'Dispatch Label:', 'New Action: Action:', 'Customer #:', 'Invoice Type:', and 'Commission:'. There are also buttons for 'Create New Dispatch', 'Cancel New Dispatch', and 'Distance Sorted'. A callout box points to the 'Invoice Number:' field, stating: 'Invoice Number field has been added and can be auto filled by scanning the barcode of the invoice.' Another callout box points to the 'Driver for Dispatch:' field, stating: 'Driver for Dispatch field can be auto filled by scanning the driver's barcode.'
