

Feature:	ETA Information Added To eDelivery Tracking Screen
Explanation:	The <i>eDelivery Tracking</i> tab screen now has a new ETA column and <i>Select</i> button besides each invoice number that is scheduled for delivery. Click on the <i>Select</i> button and the screen will now display a calculated estimated time of arrival (ETA) based upon the distance between the store and the customers address location traveling at 30 miles per hour.

'1.45' miles ... at 30mph E.T.A. '4.82' minutes

Invoice	Driver	Printed	Delivery Started	Delivered	ETA
5076	Paul Williams	1/11/2016 1:10:42 PM	1/11/2016 1:10:42 PM		Select

Click on the Select button and the distance in miles and calculated ETA in minutes based upon 30mph will be shown.

New ETA column.

Feature:	Fleet Survey Tab Heading Has Been Renamed To Favorites
Explanation:	When logged into ePartConnection, the tab heading that use to say <i>Fleet Survey</i> has now been renamed to <i>Favorites</i> . All screen references to <i>Fleet Survey</i> will now say <i>Favorites</i> throughout the ePartConnection website. Within the <i>Favorites</i> screen, a new <i>Edit</i> button has been added that gives you the ability to edit the favorite's vehicle information.

The tab heading use that use to say Fleet Survey now says Favorites.

Feature:	The ePaperless Office Blue Link Has Been Renamed To CLICK HERE To See Your INVOICES & STATEMENTS
Explanation:	Once your customer has successfully logged into ePartConnection, the old <i>ePaperless Office</i> blue link that was displayed in the top right hand corner of the screen just below the <i>Welcome Customer's Name</i> information now says CLICK HERE to see your INVOICES & STATEMENTS . This better describes what your customer will access when clicking on the link when subscribed to ePaperless Office.

Feature:	A New Display All Parts Button Is Now Optionally Displayed Within The Cataloging Screens
Explanation:	When the cataloging screen displays parts for the selected category/group, a new <i>Display All Parts</i> button could possibly be displayed to the right of the <i>Record Lost Sales</i> button. When clicked on, the catalog parts screen will be redrawn and will include all parts that were previously filtered out (not in the inventory file and/or have a quantity on hand (QOH) of zero or below). The button would then change to display either <i>Display Stocked Parts</i> or the <i>Display OH > 0</i> based upon which catalog display option is set. The button will also turn orange only when there is no part information initially displaying but there is parts information to be displayed.

Add to Order

Lost Sales Reasons:

Feature:	For Datatron Systems Using ePartConnection, The Actual Pack/Per Car Order Quantities Are Now Displayed When Looking Up Parts
Explanation:	Previously for Datatron systems, the default Qty Order would not reflect the actual "Selling Standard Pack" quantities for parts correctly. Now this quantity will be shown as the default Qty Order value when looking up parts with the catalog or through the stock check screens. Example, when looking up spark plugs for a vehicle with a 6 cylinder, the screens use to show order quantities of 6. Now it will correctly display a selling standard pack quantity of 8 instead.

Manufacturer / Part Number
Example: PH8A or FRA/PH8A
Some Stores Require the Manufacturer.
ePart Interchange requires Part Number Only.

Lost Sales Reasons: Out Of Stock

Mfg	Part Number	Description	List	Cost	Core	QOH	Other Locations	Order		
BCA	A1	TAPER BEARING SET	29.84	10.08	0.00	3		605	1	<input type="button" value="Add to Order"/> <input type="button" value="Record Lost Sale"/>

First select a reason from the new Lost Sale Reasons drop down selection list.

Then click on the Record Lost Sales button to record the lost sale.

Feature:	When Setup, A New Fleet Survey Menu Tab Will Be Displayed On The Menu Bar When Logged In
Explanation:	When your supplier has setup a fleet survey, a new <i>Fleet Survey</i> menu tab will be displayed on the menu bar when logged in. Once clicked on, there will be blue vehicle links that will quickly connect users to the specific part sub-categories and parts for the selected vehicle setup. The part numbers, pricing and quantity on hand information will be displayed as normal and users can quickly create orders. This functionality works just the <i>Non Catalog Parts & Accessories</i> menu tab.

Feature:	Ability To Select Multiple Parts Groups When Looking Up Parts For A Category
Explanation:	Users now have the ability to select multiple part groups within a specific parts category when looking up parts for vehicle. After left clicking on the specific parts category, the part groups listed now have blank check boxes besides each displayed on the screen. Simply left click on any of the blank check boxes besides the specific part groups you want to lookup information for and then left click on the <i>Show All Selected Part Groups</i> button. The screen will now display parts information for the selected groups. Previously users could only display information for one specific parts group at a time.

Left click on the blank check boxes to select multiple part groups.

Then left click on the Show All Selected Part Groups button.

Feature:	Installer Can Now Verify ePart Invoices In Purchase History
Explanation:	When signed up for <i>ePaperlessOffice</i> and you left click on the <i>Purchase History</i> tab, the screen will now display a new <i>View Processed Order</i> button next to each order. If you left click on this button, the screen will then display the finalized invoice as it looks within the <i>ePaperlessOffice</i> .

Feature:	Ability To Search What Manufacturers Are Setup Within The Catalog By Your Supplier
Explanation:	A new <i>Search Manufacturer By Line Description</i> tab has been added to <i>ePartConnection</i> page. Within this tab, the user can enter a description to search for. Simply left click within the blank entry field to the right of <i>Search for Manufacturer by Line Description</i> : field description and enter in a description. Left click on the <i>Search</i> button to the right of the entry field and all matching manufacturers that are setup will be displayed. <u>Note:</u> This matches only the manufacturer lines that your supplier has setup within cataloging. Example, if you wanted to know types of filters do they offer, enter in filters and left click on the <i>Search</i> button. The screen would then display all the manufacturer lines that contain filter within their description that they have setup within cataloging.

Search for Manufacturer by Line Description:

Manufacturer	Description
CHAMPION FILTER	Filters - Air, Oil & Cabin Air
FRAM	Filters - Engine, A/T, Cabin Air & Vacuum Mod
FRAM	Filters - Oil (Synthetic)
PUROLATOR/GROUP 7	Filters - Engine, Auto Trans, Cabin Air & PCV
WIX	Filters - Engine & Transmission
WIX	Filters - Engine & Transmission

Enter what to search for within the new Search for Manufacturer by Description field.

Feature:	New eTraining Videos Are Now Accessible Through The Help Menu
Explanation:	Our new web eTraining videos are now available through the <i>Send Email & Help</i> tab screen. To access these videos simply left click on the <i>View Tutorials and Training Videos</i> link at the bottom of the page. You will then be taken to our eProducts training page. Select the link for the product you wish to learn more about, by left clicking on the link and a training video for that product start up.

The screenshot displays the website for AUTOLOGUE™ COMPUTER SYSTEMS INC. The header includes the company name and a navigation menu with links: HOME, PRODUCTS, CORPORATE PROFILE, DEMONSTRATIONS, SHOP AUTOLOGUE, ABOUT US, and CONTACT US. A large banner for "e Paperless Office" features the text "View Invoices - Statements - Parts Purchased - Online" and "eOffice - will integrate with ANY management system." Below the banner, the page is organized into several sections. On the left is a vertical sidebar menu with links such as "AUTOLOGUE HOME", "Corporate Profile", "Autoquest System", "DataTron System", "AIS System", "Southeastern", "ePART Connection", "Parts Genie", "Parts Cataloging", "Sales / Demos", "Online Training", "Hotline Requests", "Support Services", "Newsletter", and "ADVERTISEMENT". The main content area is divided into four quadrants, each featuring a product or service with a "DEMO" button. The top-left quadrant is for "ePART connection.com", the top-right for "e Paperless Office", the bottom-left for "e Delivery Tracking System", and the bottom-right for "e Analysis". Each quadrant lists "eLearning Tutorial Links" such as "Vehicle Lookup", "Part Categories", "Stock Check", "Stock Order", "Pending Orders", "Purchase History", "Send Email", "Hide Cost", "eDelivery Management", "Hot Links", "Promotions", "Returns", "Invoice Recall", "Statements", "Current Balances", "Payments", "Setup", "eDelivery Tracking", "Online Help", "Options", "Drivers", "Undispatched", "Delivery Items", "Current Dispatches", "Unreturned Delivery Items", "Reports", and "Setup". A red "BUY NOW" button is located at the bottom left, and a "Testimonial" button is at the bottom right. A red callout box with a pointer to the "ePART connection.com" section contains the text: "Left click on any of the tutorial links to view a short training video."
